TO REFUND THE METER DEPOSITS

City Council Decides to Pay Back Money and Asks Consumers to File Claims With Clerk

EACH TO BE ALLOWED \$10.40

Commission Says Patrons Must Furnish Place to House Meter—Must Pay for Installation

The city council decided last night on a definite time for the refunding of the water meter money. The statements are to be filed any time now with the city clerk and the money for the meters will be paid, starting June 1.

The money in the particular fund from which the meters will be paid back will be available after June 1 and in order to avoid any confusion the council believed it best to let the depositors begin filing their claims at this time.

The task of refunding the money will be a large one. There are over 1,000 meters to be paid back and a number of complications are promised. Since the money was deposited for the meters a large number of property changes have occurred and as a result some of the old owners of the property claim they never sold the meters with the property. The council will have to check all of the claims and because of the large number of claims the council believed that this was none too early a date to begin taking up the claims.

The claims for the meters are to be filed with the city clerk on an affidavit prescribed by the state board of accounts. The council wishes to make it plain that the people will have to go to the clerk's office in the city hall and file their claims. By the time all of the claims are filed and the list properly checked by the council, it is believed June 1 will be none too early.

The people who have money coming for meters should not become confused as to the amount they have coming from the city and should make out their claims accordingly. The city will refund the \$10.40 deposited for each meter. The city under the ruling of the Public Service Commission, does not have to provide for a place for the meters and under this the cost of installation including the meter tile housing the meter will not be refunded. All of the claims should be uniform as a depositor cannot get but \$10.40 for each meter.

The council considered several other propositions but transacted no great amount of business. An ordinance appropriating the sum of \$135.30 with which to pay bills left over from last year was passed under suspension of rules.

The city paid the contractor for the North Perkins street improvement, paying over all the money that had been paid in on the improvement and allowing for the city's part.

GRAY ON WITNESS STAND

Damage Suit Against A. L. Gary Starts in Shelby Circuit Court

The damage suit of John A. Gray against A. L. Gary started yesterday in the Shelby circuit court. Gray the plaintiff, was the only witness on the stand yesterday and his testimony was resumed this morning. Gray asks \$5,000, alleging that he lost a malicious trespass suit through bad advice given by Gary, who was his attorney at the trial. No trouble was encountered in securing a jury.

The Young Peoples class of the Sexton Christian church will give an oyster supper in the lodge hall on Friday, February 9th. The proceeds will go to the church fund.

PLANS MADE TO OBSTRUCT PORT

United States Learns German Crews Expected to Sink Vessels in Two Different Places

PRECAUTIONARY MEASURES

American Sailor is Killed in Life Boat After Evestone is Sunk by German Submarine

(By United Press.) Washington, Feb. 7.—Because this government has discovered evidence that the crews of German vessels both in Manila Bay and Colon, Panama were laying plans to sink these vessels to obstruct the port, the government has taken precautionary measures to prevent such action, it was learned today. No German vessels have been seized however.

LIFE BOATS SHELLED
(By United Press.)

London, Feb. 7.—No mention of warning before the attack, of resistance by the vessel attacked, or of an attempt to escape the submarine was made in American Consul Frost's official report to the American embassy today on the shelling and sinking by a German submarine of the British steamer Evestone.

One American, Richard Wallace, a negro, was killed when the Germans fired at the open boats carrying survivors.

After having shelled the survivors, the German submarine disappeared without offering aid, the consul declared.

It was pointed out that the consul's report specifically failed to mention any of the three factors which might be construed as making the sinking of the Evestone legal under international law.

FIRST OPPOSITION HEARD IN CONGRESS

Senator Works of California Voices Disapproval of Wilson's Course With Germany

U. S. ACTS LIKE ENGLISH ALLY

(By United Press.) Washington, Feb. 7.—First opposition heard in congress to the presidential line in congress to the presidential relations with Germany was voiced today by Senator John G. Works, California republican. Works declared that the United States has not been neutral; that Great Britain has violated the rights of the United States on the sea; that the United States has borne these violations as if it had been an ally of Great Britain and that Germany has no real reason to be friendly to the United States.

"I protest against this or any other movement that tends towards war with Germany," said Works. "This is the first long step towards war with that country. We are assuming the fearful responsibility of leading not only our own country but other nations now at peace into the most gigantic and murderous war the world has ever known."

KILLS "HOME RULE" BILL OF JINNETT'S

House Adopts Report of Committee Recommending That Measure be Postponed Today

IS A DISAPPOINTMENT HERE

(By United Press.) Indianapolis, Ind., Feb. 7.—The Jinnett "home rule" bill, which would have taken municipally owned utilities from the control of the Public Service Commission, was killed in the house today when the report of Judiciary A committee recommending this action was passed. The report was adopted without discussion.

The killing of the Jinnett bill came as a disappointment to city officials here, who had hoped for its passage. This city has been back of the movement to take city plants from under control of the commission. Those who profess to know believe that the legislature will so change the utility law as to give the necessary relief. It is believed by many that another member will be added to the commission and two distinct bodies formed—one to deal with railroads and traction companies and the other to have jurisdiction over water and light plants. If this is done then the congestion of business before the commission should be relieved and the Jinnett law would not be needed.

GOING TO POLLS 3 TIMES IN 1917

Besides City Primary and Election, Voters Will Pick Delegate to Constitutional Convention

SEPTEMBER 18 IS DATE SET

To be Candidate for Delegate, Person Must Have Signatures of 200 on Petition

In addition to the primary election March 6 and the city election November 6, the voters of Rush county will again go to the polls on September 18, now that the bill providing for a constitutional convention has become a law. On September 18 Rush county will, with the rest of the state, elect delegates to the constitutional convention which, under the law will convene in Indianapolis on Jan. 8, 1918.

Under the law Rush county will be entitled to one delegate in the convention and besides voting for this delegate the voters will also vote for the fifteen delegates-at-large. Taken as a whole this will be a busy year for the voter. The election of delegates to the convention will come between the primary and the election. Politicians here have already stated that the election of delegates may interfere with the city campaign.

The election of delegates is supposed to be carried out on non-partisan lines as the ballots will have no emblems. All a legal voter has to do to become a candidate for delegate is to file a petition containing not fewer than 200 names with the secretary of state. The ballots are then to be prepared by the state election commissioners. To be a candidate for delegate-at-large a petition containing 50 names must be presented.

Under the law the petitions "shall contain a provision to the effect that each signer thereto pledges himself to support and vote for the candidate or candidates whose nomination is therein requested."

The law on this subject continues as follows: "Each elector signing a petition shall sign such petition in his own handwriting and shall add to his signature his place of residence in his own handwriting (unless he can

TWO ARE ARRESTED FOR LAW VIOLATION

Samuel Denton, Carthage Druggist, Accused of Selling Liquor Without a Prescription

CHARLES McCORKLE HELD

Samuel Denton, a druggist of Carthage, was arrested yesterday afternoon on a charge of selling a pint of whiskey to Charles McCorkle without a physician's prescription and in turn McCorkle was arrested this morning on three charges of giving intoxicating liquor to minors. Denton was arraigned before Judge Sparks and entered a plea of not guilty and was released under \$50 bond.

The offenses are alleged to have been committed last Saturday. After McCorkle secured the liquor from the druggist, as charged in the affidavit, he gave a drink to Henry White and Loren McCorkle. The third charge against him is that he procured a pint of liquor for Lindley Taylor. All of the parties are under age. McCorkle's bond was fixed at \$100 in each case and he was released on his own recognizance.

The affidavits against Denton and McCorkle were signed by Harvey Jessup.

NO BASIS FOR PEACE IN OFFER

King George, Addressing Parliament Today, Voices Entente's Purposes in the War

WANTS JUST REPARATION

Declares no "Threats" of Further Outrages" Can Move Allies From Their Determination

BY ED L. KEEN.
(U. P. Staff Correspondent.)

London, Feb. 7.—England and her allies are steered unanimously to secure "just reparation, restitution for the past, and guarantees for the future" and "no threats of further outrages" by Germany can move them from this determination.

King George so voiced the entente's purposes in opening parliament today. He insisted that Germany's recent peace offers had contained no basis for peace.

"During the winter," the king continued, "my navy maintained unchallenged and unceasing watch on the sea and enforced vigorously a blockade of the enemy. My armies conducted successful operations in Europe. I trust our united effort will carry the successes already won to a victorious conclusion."

The 7th session of the 2nd Parliament of the reign of his majesty King George the Fifth couldn't have been properly launched today if the cellars and vaults at Westminster hadn't been previously searched for possible imitations of Guy Fawkes and his fellow conspirators in "gunpowder, treason and plot."

So, at nine o'clock this morning, just as they have done regularly for more than 300 years on the opening day of each new session, a squad of grey bearded veterans, clad in their picturesque Elizabethan uniforms of scarlet and gold, and armed with ancient halberds and lanterns, began solemnly nosing around through the communicating trenches and dugouts beneath the legislative chambers.

Not until these "Beefeaters," as the Yeomen of the Guard are popularly termed, had formally reported to the Sergeant-at-Arms of the Lords and Commons that diligent search had failed to disclose the

DRY BILL READY FOR GOVERNOR

House Today Concurs in Senate Amendments and Measure Goes to Goodrich for Signature

MEETS WITH NO OPPOSITION

House Amends Suffrage Bill so Women Can't Vote for Constitutional Convention Delegates

(By United Press.) Indianapolis, Ind., Feb. 7.—The Wright prohibition bill which will abolish liquor from the state in April, 1918 today was safely past both houses of the legislature and will now go to the governor for his signature.

The lower house concurred in the amendments placed on the bill by the senate today. The prohibition bill was one of the first matters taken up by the house on meeting at 10 o'clock today.

Representative McGonagle of Muncie moved that the house concur in the amendments made by the senate. In a short address McGonagle stated that he believed the amendments were satisfactory to the backers of the bill.

Representative Miltenberger of Muncie seconded the motion. It was adopted without debate by a viva voce vote.

The Alldredge suffrage bill, after being amended, passed to engrossment in the house today. Rep. Houghton offered two amendments, one providing that women would not be allowed to vote for delegates to the constitutional convention and the other extending time for the bill to take effect until Oct. 1, 1917. The amendments were adopted by a vote of 50 to 35 following a bitter address by Alldredge against changing the bill "by an insidious lobby (fattered by the liquor interests)."

The house passed Thornton's bill which prohibits county attorneys from practicing before boards of county commissioners. This has been approved by both houses and will now go to the governor.

The house passed the following bills: Rep. McNagney's bill making compulsory medical examination in schools; Rep. Miller's bill providing for an economy and efficiency survey of offices of the state; Rep. Gentry's

COUNTY ASSESSOR AT WORK

Henry Schrader, county assessor, has received instructions from the state tax commissioners to prepare a list of all transfers of real estate in the county during the past year and the amount of consideration. Along with the list and the amount of money involved the county assessor is to send the assessed value of the property involved.

The purpose is not known but it is intimated that in revising the taxes of the state this method will be used in getting at a more correct assessed valuation. It is a well known fact that much land over the state is assessed at a figure greatly lower than the true value and the state board goes on the theory that the true value can be determined from the amount a farm brings when sold.

The work of the county assessor is a big task. The transfers in real estate are to be listed by townships and must be in the hands of the state board by February 10.

ARRANGES FOR THE PRIMARY

City Council Appoints Election Commissioners and Inspectors Recommended by Chairmen

V. W. NORRIS AND W. NEWBOLD

They With Carl Gunning, Ex-Officio Member, Will Form Commission Which is in Charge

The machinery necessary for the holding of the city primary election March 6 has been set in place, the city council last night ratifying the appointments of the two city chairmen. All of the names submitted to the council for places on the election boards were appointed.

The two appointive members of the election commissioners are Verne W. Norris, republican, and Will Newbold, democrat. Carl Gunning is a member ex officio by reason of being the city clerk. The election commissioners will have charge of the printing of the ballots at the primary and will also serve at the city election to be held in November. Their duties are similar in every respect to the board acting at the general election. In this case the city clerk takes the place of the county clerk.

Work will begin shortly on the ballots. It is necessary under the law to figure out how many primary ballots will be required and then in cases where there are more than one candidate for any office the ballots will have to be arranged so that each candidate appears at the top an equal number of times.

The republicans by reason of being the ruling party in the city are entitled to the inspectors. S. G. Gregg republican city chairman, submitted his list for the six inspectors. These men are to serve for the primary election and will also probably act for the election.

The inspectors named by precincts are as follows: First—Willard H. Amos; Second—James V. Young; Third—Wash Allen; Fourth A. C. Brown; Fifth—Alva Newhouse and Sixth—Charles Hugo. There are three wards in the city and each ward has two precincts.

FORMER RALEIGH PHYSICIAN DIES

Dr. W. A. Johnson, Age 56, Who Also Once Practiced Law Here, Expires at Cambridge City

FUNERAL TO BE AT FAIRVIEW

Dr. W. A. Johnson, 56 years, a well known physician, died this morning at 6 o'clock at his home in Cambridge City, following a short illness from pneumonia. Dr. Johnson was born and reared in Raleigh and for many years practiced medicine in Raleigh and later in Falmouth. Dr. Johnson at one time studied law and was admitted to the Rush County Bar association.

He is survived by the widow and two sons, Clem Johnson of Pennsylvania and Donald Johnson of Cambridge City. He is also survived by two brothers, Felix of Cambridge City and Lewis A. Johnson, of Knightstown.

The funeral services will be conducted Friday afternoon at two o'clock in the Fairview Christian church and burial will take place in the cemetery there.

Dr. and Mrs. H. V. Logan have moved from their home in North Main street to the property formerly owned by Mrs. Sarah E. Mull in North Perkins street.

No elector may sign his name to more than one nominating petition for each office to be filled, and where an elector has signed his name to more than one petition, his name shall not be counted on any of the petitions. Nothing herein shall be construed, however, to prevent more than one petition from being signed by the same person up to the number of members of the convention for whom he will be entitled to vote."

The convention will be made up of 115 delegates. One hundred of this number are to be elected by the representative districts and the other 15 at large.

While nothing definite has been stated, it is understood here that Representative Jimett will be a candidate at the election. By reason of his having served two terms in the legislature, it is pointed out he would be well qualified to sit in the convention.

After the convention has completed its work the constitution as drafted will be submitted to the voters of the state for ratification. The convention will determine the time when the constitution will be submitted.

after all, might modify her new submarine campaign so as to avoid making an active enemy of America was touched upon, as was the probable position of other neutrals. Most of the cabinet's attention, however, was given to reports by each member upon the energetic efforts of his department of the government to prepare for war if it is to come.

In some quarters here the interview given by Foreign Minister Zimmermann in Berlin expressing friendly feeling toward the United States was viewed as a favorable sign. Little weight was attached to it by the cabinet, however, for the foreign minister's remark that he hoped the American government would understand Germany's reasons for inaugurating unrestricted warfare on the sea was construed as meaning that no change of course was to be expected.

W. B. HOLDEN DIES

Word was received here today by Allen R. Holden of the sudden death of his uncle, William B. Holden, who died this morning at the East Haven hospital in Richmond, where he has spent the past 27 years. Mr. Holden went to Richmond this afternoon and will accompany the remains home in the morning on the 7:10 Pennsylvania after which there will be burial services at the East Hill cemetery.

PARLIAMENT ADJOURNS.

(By United Press.)

Ottawa, Ont., Feb. 7.—The Canadian Parliament is expected to declare a two months' vacation beginning today in order to permit the Premier, Sir Robert Borden, to go to London for the Imperial War Conference. The conference is called for the last of this month. The plans for the Premier's departure are, naturally, kept secret.

Mrs. Charles Jim of East Tenth street is suffering considerably from injuries sustained a few days ago when she fell from the hay loft in the barn in the rear of their home. In coming down from the loft she took hold of a beam, thinking it was nailed. It, however, was not secure and she fell several feet, cutting a gash above her eye, and bruising her body.

J. P. Stech has received word that his mother-in-law, Mrs. B. B. Scarff is seriously ill with pneumonia at the home of her daughter, Mrs. Ida Artz, near Osborn, Ohio.

Thomas A. Edison Wants You
To Hear This Test

Tuesday Evening, February 13 at 8:15, United Presbyterian Church

Many famous artists have made these "Tone Tests." Read what the papers say:

"Impossible to distinguish between the singer's living voice and its re-creation by the instrument that bears the stamp of Edison's genius."

Boston Herald Nov. 19th, 1915.

"The ear could not tell when it was listening to the phonograph alone. Only the eye could discover the truth by noting when the singer's mouth was open or closed."

N. Y. Evening Mail, May 3d, 1916.

It was virtually impossible to distinguish between the real voice and the Re-Created voice of the singer."

Philadelphia Evening Telegram, April 28th, 1916.

"Christine Miller herself and Christine Miller on the Edison sang side by side. The two voices were so identical that when one or the other stopped it was impossible to detect it in the audience."

Cleveland Leader, Sept. 23d, 1915.

"Not possible to tell one from the other."

Detroit Free Press, Oct. 12th, 1915.

Music's re-creation! A reproduction of the human voice from the phonograph which the ear cannot distinguish from the living voice! Has Mr. Edison accomplished this miracle at last? Come—hear this astonishing test—and judge.

Miss Helen Clark, the popular concert Contralto will be here, at Mr. Edison's request, to offer you the only evidence by which you can really judge. She will sing side by side with Mr. Edison's re-creation of her voice! See if you can tell, without watching the motion of Miss Clark's lips, which is the living voice and which the re-creation.

What Is Your Judgment?

Mr. Edison insists upon this unique and daring test. For it tells more than the most vivid words can express. Its convincing frankness sweeps away all doubt. Mr. Edison wants your true judgment of his new musical art. He wants the judgment of every music lover. Has he re-created music? Has he eliminated all mechanical blemish? Has he preserved the living tones in all their reality?

He puts the original and his re-creation before you—side by side. He hides nothing. Asks no allowances. He dares to make the vital test that no one else but he has ever ventured. And he asks you to decide.

Call or Write for Complimentary Tickets

We want all music lovers in this community to hear this interesting and convincing test. Complimentary tickets will be distributed to those who apply in person at our store or by mail. You and your friends are urged to attend. Mr. Edison recommends that children under three years of age be not admitted as they do not realize that they can mar the intent of this recital by crying or talking. We advise you to apply early before all tickets are exhausted.

"UNDER TWO FLAGS"

They sink into insignificance beside this epic of American history with its 5,000 scenes, 18,000 characters, 3,000 riders and 200,000 details, the result of eight months of tireless labor and the expenditure of half a million dollars.

The war plays of the stage such as "Shenandoah," "Held by the Enemy" and "Barbara Fretchie" seems tame after seeing the splendors of "The Birth of a Nation." In the Griffith spectacle the scenes of sheer beauty and strength are of Homeric grandeur. The night riding of the Ku Klux Klan looks like a company of avenging spectres sweeping along the moonlit roads. There is a pictorial punch in every scene.

This realistic picture of history in making is of untold value to both old and young. Besides the historical worth of this great spectacle the constant emotional throbs of the romantic story thrills the hearts of all. It is the supreme achievement of modern histrionism in its new guise untrammelled by the limitations of the theatre.

The Shelby county board of education yesterday entered into a contract for a year with Russell G. East of Worthington, Ind., to act as county agricultural agent. His salary will be \$1,800 and expenses.

ADDITIONS ARE REPORTED

Interest is growing in the revival being conducted at the First Baptist church by the Rev. C. B. Jones of Greensburg. The largest attendance at any of the meetings marked last night's services. Several additions to the church have already been reported and the Rev. Mr. Jones is proving a popular evangelist. The meetings will continue indefinitely.

NOTICE TO CONTRACTORS.

Notice is hereby given that the Board of Commissioners of Rush County, Indiana, will receive sealed bids at the county auditor's office in Rushville, up until 2 o'clock p. m. on Monday, March 5th, 1917, for the construction of the Frank M. Capp et al road in Rushville, Indiana, according to plans and specifications now on file in the county auditor's office. Said road to be constructed of cement. Is 13950 feet in length. Estimated cost \$40,685.00 Bids must be accompanied by bonds as by law required. The Board reserves the right to reject any and all bids.

Witness my hand and seal this 5th day of February, 1917.

DRESS WARM AND KEEP FEET DRY

Tells Rheumatism Sufferers to
Take Salts and Get Rid
of Uric Acid.

Rheumatism is no respecter of age, sex, color or rank. If not the most dangerous of human afflictions it is one of the most painful. Those subject to rheumatism should eat less meat, dress as warmly as possible, avoid any undue exposure and, above all, drink lots of pure water.

Rheumatism is caused by uric acid which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.

True Secret of Keeping
Youthful Looking

(The Beauty Seeker.)
"The real secret of keeping young-looking
and beautiful," says a well-known hygienist,
"is to keep the liver and bowels normally
active. Without these requisites, poisonous
waste products remain in the system, polluting
the blood and lodging in various organs,
tissues, joints. One becomes flabby, obese,
nervous, mentally sluggish, dull-eyed, wrinkled
and sallow of face."
"But to get liver and bowels working as
they ought, without producing evil after-effects
has been the problem. Fortunately, there is
a prescription of unquestioned merit, which
may now be had in convenient tablet form.
Its value is due largely to an ingredient derived
from the humble May apple, or its root,
which has been called 'vegetable calomel' because
of its effectiveness—though, of course, it
is not to be classed with the real calomel of
mercurial origin. There is no habit-forming
constituent in 'senreco' tablets—that's the
name—and their use is not followed by weakness
or exhaustion. On the contrary, these
harmless vegetable tablets tend to impart tone
and elasticity to the relaxed intestinal wall.
Senreco tablets, which may be procured from
any druggist—a dime's worth will do—will
prove a revelation to any constipated, liver-
troubled person."

"The Barking Dog."

That's a fine old adage about the
barking dog being the one that never
bites because it is so true to the hu-
man family. There are plenty of
men who can stand on the street
corners and rail about Rushville not
locating new industries and make
extravagant statements about what
they would give to get a factory here,
but when the rub comes they are never
there. They retract all they ever
said and began pulling back in the
harness.

But Rushville is no exception. All
places are the same. Indianapolis
has been passing through an awak-
ening in which some of the leading
business men and manufactures have
been endeavoring to arouse some civic
pride. Columbus, Ind., too, has
some of the same species, as the fol-
lowing from the Columbus Republi-
can, which is very apropos here, amply
discloses:

There are people in Columbus who
insistently demand factories, more
factories and additional factories.
They speak privately and in public
about the need of more industries in
Columbus. And when the chance
comes for them to help secure a new
factory they become positively blind,
deaf and mute. They remind one of

DON'T SUFFER WITH NEURALGIA

Musterole Gives Delicious Comfort

When those sharp pains go shooting
through your head, when your skull
seems as if it would split, just rub a
little Musterole on the temples and
neck. It draws out the inflammation,
soothes away the pain, usually giving
quick relief.

Musterole is a clean, white oint-
ment, made with oil of mustard.
Better than a mustard plaster and
does not blister.

Many doctors and nurses frankly
recommend Musterole for sore throat,
bronchitis, croup, stiff neck, asthma,
neuralgia, congestion, pleurisy, rheu-
matism, lumbago, pains and aches of
the back or joints, sprains, sore mus-
cles, bruises, chilblains, frosted feet—
colds of the chest (it often prevents
pneumonia). It is always dependable.

MUSTEROLE

the 3 monkeys, so common on many
desks. These monkeys "see no evil,
hear no evil, speak no evil." Colum-
bus has a good factory proposition
knocking at its door now, but there
does not seem to be a sufficient num-
ber of people interested to open the
door and let the factory come in.

Fining the Gossips

Although the insidious practice of
gossiping can probably never be
stamped out, there is none to say nay
to the plan—not even the gossips
themselves—that it be curbed by a
law. Wisconsin has taken a step in
this direction and has passed a meas-
ure imposing a heavy penalty or im-
prisonment upon tale-bearers.

Anyone, who, in the hearing of an-
other, according to the Wisconsin
statute, maliciously refers to some-
one, strongly inveighing against that
person's moral integrity, or who, in
other ways injures his standing in the
community, is liable to a fine of not
more than \$500 or imprisonment for
a term not exceeding a year.

This is a step in the right direc-
tion, but the experience of other
states in enforcing their libel laws
teaches that Wisconsin will have
some difficulty in trying to blot out
the practice of gossiping. Frequently
the tale-bearers are so shrewd
that the blighting piece of scandal
which ruins someone's reputation ir-
retrievably can not be traced to its
source, and thus real transgressors
escape the penalty they so justly de-
serve.

The German-Americans.

The publically announced loyalty
of the German-American citizens
passes the lie to the persons who in
the last campaign attempted to mal-
ign the Americans of German lineage
and antagonize them. Their fealty
to the country of their adoption was
questioned time and again, but the
true Americans never doubted but
that the bulk of the German-Ameri-
cans were heart and soul Americans.

They have given ample proof of
their love for the United States by
their fine declarations of faith in the
country which they have accepted as
their home and in which they make
their daily bread. German-American
papers far and near have laid down
in no uncertain terms the path of
duty for every German who lives in
the United States. The leaders of
the German alliances throughout the
country have been very plain in their
declarations of faith in and devotion
to America.

Once a "leak" start, congress pro-
poses to catch every drop, says an
have "dropped" completely out of
exchange, but the "leak" seems to
sight since Germany took a place in
the sun on the front page.

Some profess to see a spirit of re-
taliation on the part of the supreme
court in declaring the Webb-Kenyon
law constitutional since Washington
is going dry.

The price of paper is still going up,

measure which they will present to
the legislature at this session after
the woman suffrage bills are dis-

for the creation of the office of wo-

tors now employed by the state are
men. Women believe they should
have a woman inspector for factor-
ies where females only are employed.

REO

The Oldest Car in the Show ---Yet the Most Interesting

ISN'T IT REMARKABLE how the crowds
linger around that wonderful old Reo the
Fifth chassis, study it point for point,
inquire, admire, go away and compare—
and inevitably drift back again?

ISN'T IT A TRIBUTE to Consistency of
Policy—to Good Intent; to Sound En-
gineering; to Quality of Workmanship;
and finally, to Reo service—the way
they pay homage to that Reo the Fifth?

IT ISN'T NOVEL in the sense that some
of the sensationally new inventions are.

THAT STRIPPED REO chassis has been
a feature of every national automobile
show for now eight successive seasons—
in practically its present form.

JUST REFINED and improved in minor
details from year to year (yes, month to
month, for we Reo Folk do not make
"season models" nor wait till just before
Show-time to make changes. We make
them any time their need is apparent—or
we learn how).—

AS WE WERE SAYING: that Reo
chassis has been a feature—yes, the
feature—of the Show for several years
—yet its popularity is greater now than
ever, if crowds are any criterion.

JUST GOES TO SHOW that people are
learning—that experience does teach.
Experienced motorists, the seasoned
Old Timers, are not looking for a car
that is "different" but for one that is
better.

AND THEY'VE FOUND that kind of car
in Reos.

THE NEW REO SIX is beginning to rival
the great Reo the Fifth in popularity. It
will be a strong rival when there are as
many in the hands of owners.

AS IT IS, REO the FIFTH has a tremen-
dous advantage over the Six—more than
one hundred thousand owners are sing-
ing its praises daily and hourly, while
less than twenty thousand as yet know
the Reo Six at first hand.

BUT SHE'S GAINING—just as rapidly as
we can make them.

OF COURSE WE DON'T try to make all
the automobiles—only the best ones. So
naturally there's always an over-demand
for Reos, all Reos, trucks as well as
pleasure cars.

BUT WE WILL make fully twice as many
Sixes the coming year—so next show
time Reo the Fifth, that "incomparable"
Four, will have to look to her laurels!

BUT BLESS YOU, no other than a Reo
could ever hope to match a Reo either
in popularity or performance!

PAID YOUR RESPECTS YET?—you owe
it to yourself to do so. See the Reos—
compare—then get your Reo while the
getting's good. There won't be never
has been—enough to go around.

PRESENT PRICES apply only to orders
for immediate delivery—we reserve the
right to increase them without notice—
may be compelled to at any time.

SO DON'T DELAY. Order and get your
Reo now—if you can. If you delay
there will be too many ahead of you.
Today won't be a minute too soon.

Obituary.

OUR FATHER.

Alvin D. Lucas began his life June
29, 1846, near Georgetown, Ky. As
a young man he was liked by all. A
kind word and a hearty welcome
would always greet you if you hap-
pened in his path. This kind and
loving trait clung to him through all
his life. Even in the last minute of
his noble life he wanted to perform
an act of kindness.

Dec. 1, 1870 he was united in mar-
riage with Amanda Gardner. Sir
children blessed this happy union.
The happiest moments of his life was
when he was doing for his loved
ones. We know how well he loved us.
Nothing but the grand hereafter
strengthens our heart in this hour of
affliction.

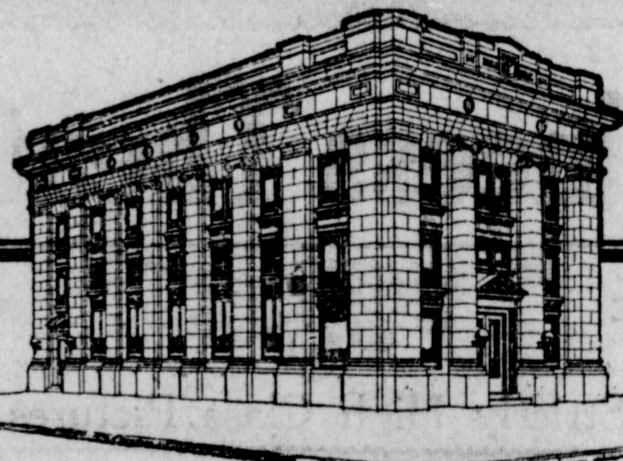

A wife and six children mourn the
loss of this dear one.

Mrs. W. A. Carr, John Lucas, Mrs.
Will Goddard, Stephen Lucas, (de-
ceased) Mrs. R. H. Thompson, and
W. B. Lucas. In addition to imme-
diate family he is survived by one
brother, two sisters and four grand-
children besides nephew and nieces.

Early in life he made his stand
for Christ and faithfully he has
fought the good fight. Like the
Apostle Paul. "He fought a good
fight he finished the work, he kept
the faith and now is ready to be de-
livered."

Jan. 19, 1917, he finished this life's
work. 27911

FOR FOUR ISSUES

What Makes a Public Sale a Success?

The first essential is to have goods that other people want. The next essential thing is to let the public know you are going to have a sale and to get them to attend it.

The Greater the Crowd, the Better the Bidding

Have your Public Sale Bills printed in a good clear type, on a bill large enough to be read without glasses, and with a heading PUBLIC SALE in bright red ink. The Daily Republican is the originator of this Red Head Sale Bill—it is a bill which will assure one of a big attendance.

Another Important Point

PUT YOUR SALE AD INTO THE FARMER'S HOME

Place your sale bill, as an advertisement, in the Daily Republican. It goes directly into a man's home. That is what he reads and there is where he will read your announcement. The Daily Republican is read by 6,000 people in Rush County; of this number 50% are farmers. The price of an advertisement is so small, when you consider the benefits that you will reap, that you should not overlook the important thing. For an example of the cost, see our illustration at the left.

HOUSE PASSES THE AUTO LICENSE LAW

If Senate Approves Measure, Fees Paid Will Remain in This County for Local Use

PRESENT LAW HELD UNFAIR

The lower house of the Indiana legislature passed a bill yesterday which would meet the approval of practically all automobile owners if it became a law. The bill which the house approved would amend the state automobile license law, by making the license fees collectable by the county auditor and keeping the tax within the county, instead of state-wide distribution as under the present law.

If the state senate is consistent, it will not pass the amendment as the house did because it recently killed a bill of the same sort originating in

the senate. However, it will get another chance to voice its sentiments by voting on house bill.

The present automobile tax law, it is advocated, works the same hardships on counties of this sort as the school revenue law because the larger counties have to help support the smaller ones. Rush county never receives as much back from the state in auto licenses taxes as it sends.

The meeting of the Emanon Club which was to have been held with Mrs. Fred Beale on Thursday of this week has been postponed indefinitely.

Miss Mary Amos will entertain the members of the Friday Afternoon Embroidery Club at her home in North Perkins street on Friday afternoon of this week.

Mr. and Mrs. O. P. Wamsley entertained at "500" last evening Mr. and Mrs. O. M. Harton and Mr. and Mrs. Bert Osborne. A dainty luncheon was served during the card games.

Ralph Payne and Byron Cowing of this city, former students in Pennsylvania university, attended the banquet of the university alumni in this state at the University Club in Indianapolis last evening.

It was voted to pay another installment on the pledge to the new church at the meeting of the B. Y. C. D. class held in their class room at the church following the revival service last evening. There was a good attendance and the meeting was given over to a business session.

A wedding of interest here was solemnized Sunday afternoon at the country home of Mr. and Mrs. C. F. Ellison when their daughter, Miss Maggie, became the bride of Leslie Brees of Newton county. The ceremony was performed by the Rev. C. M. Yocum in the presence of the immediate relatives and a few friends. The young couple will leave in a few days for their new home in Newton county where Mr. Brees is engaged in extensive farming.

Have You Backache, Gout, Rheumatism?

(By M. C. Lucas, M. D.)

American men and women should guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and often the poison reaches the tissues, causing rheumatism and gout.

When your kidneys feel like lumps of lead, when your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night, when you suffer with sick headache, or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, ask your druggist for Anuric (double strength.) I have found in practice that Anuric is more potent than lithia and in most cases it will dissolve the uric acid as hot water does sugar.

Most people do neglect themselves. Their tongues has a dark brown color, skin sallow, breath bad, yet they fail to see that their machinery needs attention. Everybody should take a mild laxative at least once a week. A pleasant way to clear the tongue and the highly colored water noticed in the morning is to take a laxative which will cure the inactive liver and biliousness.

A pleasant vegetable pill is made up of May-apple, leaves of aloë, and jalap, made into a tiny pellet and coated with sugar. First put up by Dr. Pierce nearly 50 years ago. Druggists sell these vegetable pellets in vials, simply ask for Dr. Pierce's Pleasant Pellets—(Adv.)

Mrs. Jesse Stevens was the guest of friends in Connersville yesterday and attended a delightful party given last evening at the home of Mrs. William Dorris.

Ten members of the S. E. T. Club were the guests of Mrs. W. S. Coleman at her home in East Sixth street yesterday afternoon. The afternoon was pleasantly spent over needlework and the hostess served a dainty luncheon. The next meeting will be in two weeks.

The marriage of Samuel Clifford Piper, of Arlington, and Miss Lulu Bethel Elrod, daughter of Mr. and Mrs. J. T. Elrod, of Connersville was celebrated Saturday evening in the Central Christian church parsonage at Connersville. The rites were performed by the Rev. L. E. Brown. Mr. and Mrs. Piper will reside in Connersville.

The members of the Rebekah lodge will give a Valentine and box social in their hall on Friday evening following the regular order of business. Every member is asked to bring a Valentine addressed to one of the members. Every lady is asked to bring a box containing a lunch for two. The program will consist of musical numbers and short talks appropriate to the season.

Prof. Jenkins will deliver his lecture on "Thomas Hardy" before the members of the Shakespeare Club on Wednesday evening of next week instead of Tuesday, the date originally set. The date has been changed on account of the Social Club dinner-dance which is to be held in Tuesday. The lecture will be promptly at 7:30 inasmuch as Prof. Jenkins expects to leave on Wednesday evening following the lecture.

"Following the Cross" is the general subject for the program at the meeting of the Woman's Home Missionary society of the St. Paul's M. E. church to be held at the home of Mrs. Horatio Havens in North Harrison street tomorrow afternoon. Mrs. F. E. Wolcott will have charge of the program and Mrs. V. C. Bodine and Mrs. F. G. Hackleman will review the assigned chapter in the study book.

The birthdays of the great men born in February were celebrated at the meeting of the Tuesday Study Club held in Raleigh yesterday afternoon at the home of Mrs. Will Dobbins. Responses were given to the roll call with quotations from Lincoln or Washington. Miss Flo Dobbins dealt with "February Birthdays" and "Current Events" were discussed by Miss Zula Jackson. Delicious refreshments were served by the hostess. Mrs. Ida Miles will have the next meeting of the club. Fifteen were present at the meeting yesterday.

Valentine decorations prevailed in the St. Paul's M. E. church last evening for the Epworth League social which was given there. Strands of red crepe paper were strung over the small tables which were lit by red candles in crystal holders. In the center of each of the tables was a wreath of red hearts.

The suppers in the prettily decorated boxes were served after which there was music on the piano and ukuleles. In spite of the fact that the crowd was rather small, a delightful time was enjoyed. The social was in charge of Miss Helen Seudder and Miss Gladys Bebout.

A number of the neighbors and friends of Mr. and Mrs. Carroll Clifton met at their home Friday evening, bringing with them a pitch-in supper. After serving the elegant meal, the guests spent the evening informally, while music was furnished by William Hinchman and Omar Bolls. The guests were Mr. and Mrs. Robert Jarrett and family, Mr. and Mrs. Lige Billings, Mr. and Mrs. Gilbert Austin, Mr. and Mrs. William Hinchman and family, Mr. and Mrs. Walter Snoddy and family, Mr. and Mrs. Claude Hunt and family, Mr. and Mrs. Clarence Daubenspeck and family, Omar Bolls, Mr. and Mrs. Arthur Looney and Miss Beatrice Austin.

The Douglas orchestra of Indianapolis will play for the dance to be given in the K. of P. hall tomorrow evening for the Knights of Pythias and their families.

The twelve members of the Five Hundred Club were agreeably entertained by Mrs. Ed Pitman at her home in this city last evening. The congenial company was engaged during the evening with games of "500" after which the hostess served a delicious salad course. The next meeting will be in two weeks.

The birthday of Abraham Lincoln was celebrated in a most appropriate way yesterday afternoon when the members of the W. R. C. met at the home of the Rev. and Mrs. C. M. Yocum in North Main street. For decorations, the picture of Lincoln was draped with the American flag. The program was opened by the 28 members singing "America" after which the Rev. Mr. Yocum led in prayer. He also gave an excellent talk on the life of Lincoln and together with Mrs. Yocum, who accompanied on the piano, sang a duet "Tenting on the Old Camp Ground."

Following the business session, Mrs. Mary Conover gave a number of readings. Delicious refreshments were served by the hostesses, Mrs. Yocum, Mrs. Eva Offutt and Mrs. Ida Mattox. The next meeting will be in two weeks at the home of Mrs. Will Trennepohl when she will be assisted by Mrs. Margaret Brown.

NO BASIS FOR PEACE IN GERMAN OFFER, KING SAYS

Continued from Page 1.

presence of any lurking assassins, gunpowder, German spies, high-explosive bombs, suffragettes, or poison-gas tanks, and this information had been ceremoniously conveyed to Buckingham Palace, did the King and Queen prepare for their journey to the House of Parliament.

Some precedents have been merely modified by the war. For example, the King, instead of wearing his gorgeous field marshal's dress uniform, appeared in khaki. Also, the procession from Buckingham to Westminster was considerably simplified. Their majesties rode in the usual state coach, but it was drawn by six black horses instead of the eight cream-colored Hanoverians formerly used on such occasions. There wasn't the customarily large out turning of the populace along the route.

Arriving at the entrance to the House of Lords, the King and Queen were greeted by the officers of state and conducted to the robing room, whence after donning their royal robes they proceeded to the thrones, escorted by the usual heralds, trumpeters and court officials carrying their regalia.

The floor of the chamber was packed with members of the nobility, while in the gallery were peerless, society leaders, representatives of diplomatic corps and other distinguished spectators.

The Gentleman Usher of the Black Rod was despatched to summon the "faithful Commons." Of the latter, only about sixty were able to squeeze in and crowd around the bar of the house.

A conspicuous figure in black robes, gold chain and full bottomed wig, the new Lord Chancellor then advanced to the steps of the thrones and kneeling presented to his Majesty the parchment roll whereon a speech carefully prepared for him by Lloyd George and his fellow cabinet members, but by pleasing fiction known as the King's speech, was inscribed. King George read the address in clear, firm tones.

At the conclusion of the speech the King and Queen left the chamber and returned by the same route to the Palace.

Meantime the Commons were assembling in their own hall. Some of the members had appeared as early as eight to register their claims for favorable seats for the session, by placing their hats thereon. Here another damper precedent. In the old days before the war it would have been almost sacrilege to appear at any session, especially the opening day of Parliament, in any other headgear than a top hat. Today there was a considerable springling of derbies, soft slouch hats and khaki caps—for a liberal percentage of the Commons are now in the King's army.

It is not expected that much legislation of importance will be forthcoming until Easter time, when the government will present the new budget of taxation wherein it is likely

New Season's Fashions Shown in Coats and Suits

This week---an advance showing of spring modes in coats and suits will be made in our windows and on our second floor, comprising distinctly different models not seen elsewhere. The use of soft wool, khaki-kool, Jersey cloth, wool poplin, man's wear serge and gaberdine is noteworthy in this showing of modish garments. These beautiful materials include a wonderful range of colors and shades, among which are cement, chartreuse, apple green, both in plain check, gold, American beauty and rooky.

Altho the weather indicator does not point to spring garments, nevertheless these models serve as an indicator for spring fashions. We shall be glad to show the trend of styles to all of our customers. This is an opportunity for you to be prepared for the first spring day.

We are showing a complete line of place cards, seals, favors, crepe paper, paper napkins and decorations for the Valentine season. Those expecting to entertain will profit by seeing our beautiful display.

The Mauzy Company

that some entirely new devices for raising funds for the conduct of the war will appear. Just before the close of the last session a new vote of credit for four hundred million pounds (\$2,000,000,000) was passed, so there will probably not be another until later in the Spring.

One of the biggest pieces of legislation to be tackled this session will be the General Election bill, upon which a special Speaker's committee is now sitting. Under an ancient statute no Parliament can live longer than seven years, so unless this is modified, a general election must be held next Fall. There is considerable agitation in this connection with a reference to soldiers voting in the election. The military authorities object largely on account of the bother it will entail, and partially because it will necessarily distract the troops from what is considered more important business.

It is possible, as a solution, that another venerable precedent may be shattered, by allowing the present Parliament to continue for the period of the war.

bill which would allow the state to accept donations to state institutions and provides for payment of annuities to donors; Rep. Houghton's bill providing for the assessment of property of public utilities by a state board of tax commissioners at cash value.

The Dobyns bill creating a highway commission came up for second reading in the senate. Senator Fleming offered two amendments, one providing that contracts for bridges and road work may be let separately and the other giving the commission supervision over county road construction.

The amendments were made a special order of business for 10 o'clock tomorrow.

Kinder's bill amending the compensation law so that workmen will receive 65 per cent of their wages instead of 55 and allowing settlement for injuries in a lump sum was reported favorably by the senate committee and the report adopted.

STOMACH UPSET?

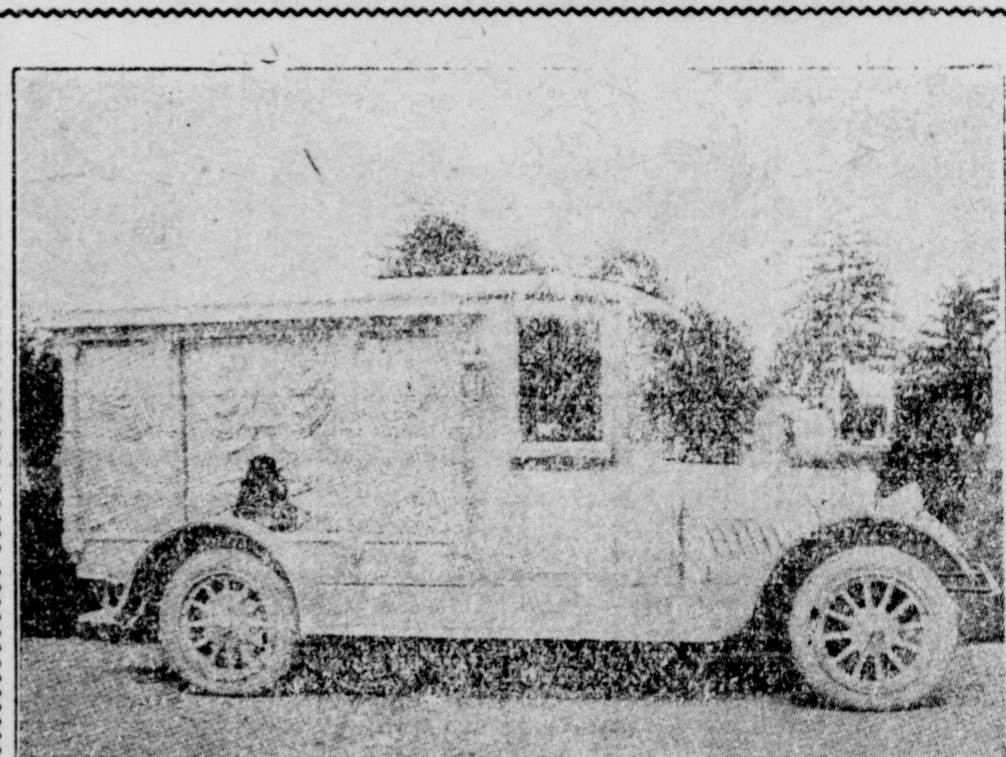

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles. If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

I have the Best Automobile Hearse in the county and can furnish motor service if desired.

BABY WEEK IDEA IS DEFENDED

Mrs. Etta Goodwin of Children's Bureau Declares it is Not a Mere Sentimental Outburst

DATE IS MAY 1 TO 6 INCLUSIVE

Says Unique Opportunity is Offered Through This Event—Co-operation Urged

By MRS. ETTA R. GOODWIN
Of the Federal Children's Bureau.

Note—Mrs. Goodwin conducts all Baby Week correspondence for the Children's Bureau and may be addressed at Washington—Editor.

Washington, Feb. 7.—The second National Baby Week will be celebrated in the United States May 1 to 6, inclusive. My correspondence today indicates that a majority of the 14,000 incorporated communities in the country will take part in it.

Please don't get the wrong idea of Baby Week. It is not a sentimental outburst. It is a serious movement to popularize certain proved principles of baby care and community responsibility for baby welfare.

The keynote of a Baby Week campaign is co-operation. This was true of the 1916 celebration and the inquiries pouring in at the Children's Bureau today and the local plans already under way indicate that the co-operation is even more universal in this year's campaign.

Of course the 2,500,000 members of the General Federation of Women's Clubs are co-operating. The General Federation and the Children's Bureau were jointly responsible for the first suggestion for a nationwide Baby Week.

The way chambers of commerce and other men's organizations of various kinds, and national associations devoted to one or another special problem, turn in and help is surprising.

Most impressive is the work of State Health officials and of extension divisions of State universities and agricultural colleges. These work with State federations of women's clubs and with each other in outlining special programs adapted to the conditions of an individual State and they help local celebrations in numberless ways, with lectures, exhibit material, bulletins and personal advice.

Each of these agencies is equipped to make its own special contribution to the campaign; the child-welfare committees studying local birth registration, the associations doing infant-welfare work, the public-health officials of city and State, the State Universities through their extension work, and civic organizations of various kinds.

Our correspondence indicates that they all recognize in Baby Week a unique opportunity.

OLD-TIME COLD CURE DRINK-HOT TEA!

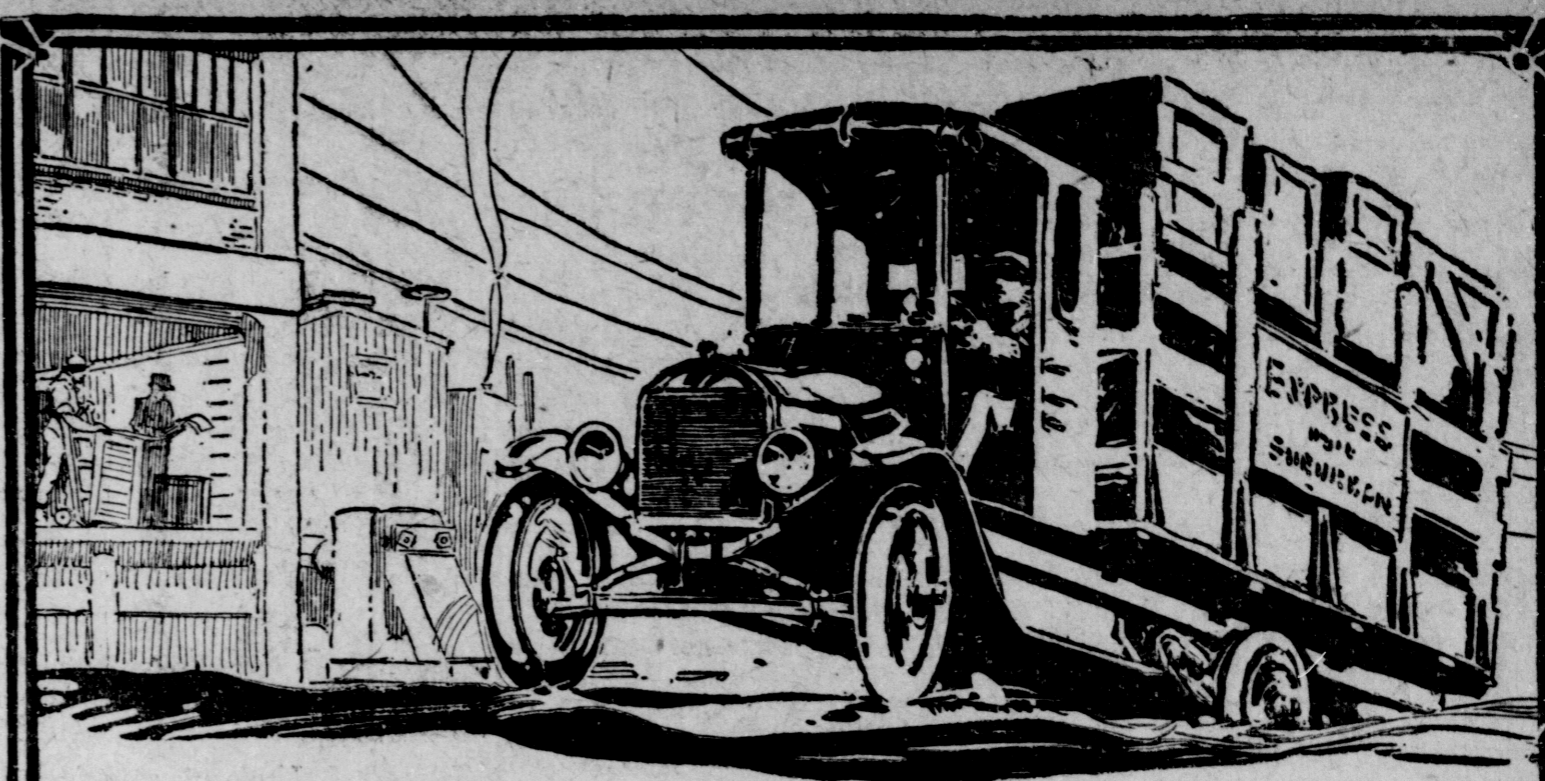

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB RHEUMATISM FROM STIFF, ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old St. Jacobs Oil

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs Oil" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia. Limber up! Get a 25 cent bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

CHIROS GATHER TO SUPPORT BILL

Public Hearing on Proposed Law Will be Held Tonight—Warm Fight Promised.

THEY WANT TO BE LICENSED

(By United Press.)

Indianapolis, Ind., Feb. 7.—Chiropractors from all over Indiana gathered here today to make a fight in favor of the bill before the lower house of the legislature which will place chiropractors on an equal footing with physicians.

The measure was introduced by Representative Aldredge of Anderson and is now before the rights and privileges committee of the house of which Representative Harker is chairman. The committee will hold a public hearing on the measure tonight in the house.

The bill provides for the creation of a state board of chiropractor examiners—similar to the board of medical examiners. Chiropractors declare that the board would pay its own expenses by the money which it collected through issuing licenses.

Representative Harker stated several days ago that the majority of the members of the committee are opposed to the bill, although it has not been definitely acted upon yet.

Miss Gladys Jones of Shelbyville visited here over Sunday.

Ralph Fox spent a few days last week in Indianapolis.

Miss Helen Brown left Sunday for Nashville, Tenn., where she will attend school.

Charles Zike transacted business in Shelbyville Thursday.

The Rev. Daniel Ryan preached a most excellent sermon on the theme, "The Greatest Human Sacrifice" at the M. E. church Sunday. He will preach next Sunday morning on the subject, "The Greater Sacrifice" and at night will lecture on Abraham Lincoln. Special music will be rendered at each service.

In and Around Fairview.

Mr. and Mrs. Elmer Thomas, Miss Alatha Thomas and Minor Thomas attended the funeral of Herman Thomas at the Ebenezer church Wednesday of last week.

John Higley, local blacksmith, attended the hardware dealers convention in Indianapolis last week.

Roy Baker of Sexton visited in this community last Wednesday.

Martin Worle of Hagerstown came last Friday to visit his daughter, Mrs. Milton Adams, who is ill with a severe attack of inflammatory rheumatism.

Dr. J. C. Sexton of Rushville was called to the home of Mr. and Mrs. Guy Carson last Saturday to see their seven-year-old son, John, who had an attack of appendicitis.

Although the weather was disagreeable a fair crowd attended the farmers and teachers institute here last Saturday at the school building. The talk by C. M. McConnell on producing a corn crop was very good. The talk by Mrs. Orme on the farm and the home was very much appreciated. The readings by Miss Mary Hinchman and the music by the high school orchestra were enjoyed by all.

Mr. and Mrs. William Carson of Glenwood spent Saturday night with their son Guy, and family.

Owing to the severe blizzard Sunday, there was a very small attendance at Sunday school and church morning and no services were held at night.

Neff's Corner.

Charles Kile was a business visitor at Rushville Saturday.

PUBLIC SALE OF LIVE STOCK

The undersigned will sell at Public Sale at the Cullen farm, one and one-mile west of Rushville, on

WEDNESDAY, FEBRUARY 14th, 1917

the following described live stock

12 Draft Mares 12

These are a useful lot with plenty of size, bone and substance, four to eight years old, sorrels, bays, browns, blacks and grays. Some good pairs among them. Ready any day for the plow. Some in foal.

AVAIL YOURSELF OF THIS OPPORTUNITY

30 Head of Cattle 30 TWELVE SHORTHORN COWS AND HEIFERS

This is an exceptionally good bunch, all bred to Registered bull, some with calves at side. A lot of first class milkers.

Five Polled Shorthorn bulls, almost ready for service, an extra fine bunch Also a few heifer calves. One coming two-year-old steer, a good one. The red, white and roans were never more popular. Buy a few good ones.

SIX HEAD OF SELECT JERSEY COWS

to be fresh soon or calves at side. This is a chance for a good butter cow.

85 Head of Hogs 85 60 — Duroc Sows — 60

This, I think, is one of the best and most uniform offerings I have ever presented to the public and certainly there was never a more opportune time to invest in a good brood sow. They are strictly pure-bred, out of mature sows and boars and bred to boars out of \$500 and \$1000 sires, for March and April farrow. They have had plenty of exercise, are strong and vigorous and should prove a profitable investment at almost any price. Come, take a few good ones home with you.

ONE YEARLING BOAR. TWO SPRING BOARS.
TWENTY-FIVE CHOICE FEEDERS

20 Shropshire Ewes 20 Sired by an Imported Ram

Their dams and grand-dams for several generations are also by Imported sires. One to four years old, bred to Registered Ram. Sheep and wool are so high in the market I hesitated to make this offering, but hope the opportunity to get a few such ewes will be appreciated.

Sale to be held entirely under cover at the Cullen farm, beginning at 10:00 a. m. sharp, Wednesday, February 14, 1917.

COME RAIN OR SHINE, YOU WILL BE MADE COMFORTABLE

TERMS—A credit until Dec. 25, 1917, will be given on all sums of \$20 or over, purchaser giving note with approved security. 5% off for cash. No property to be removed until settled for.

CREAM FOR CATARRH

OPENS UP NOSTRILS

Tells How To Get Quick Relief
from Head-Colds. It's Splendid!

In one minute your clogged nostrils
will open, the air passages of your head
will clear and you can breathe freely.
No more hawking, snuffling, blowing,
headache, dryness. No struggling for
breath at night; your cold or catarrh
will be gone.

Get a small bottle of Ely's Cream
Balm from your druggist now. Apply
a little of this fragrant, antiseptic,
healing cream in your nostrils. It pen-
etrates through every air passage of the
head, soothes the inflamed or swollen
mucous membrane and relief comes in-
stantly.

It's just fine. Don't stay stuffed-up
with a cold or nasty catarrh—Relief
comes so quickly.

WHAT-YOU-MAY COLUMN

BY GEORGE MARTIN.

Garlic.

A friend of ours named Schultz
asks us what we think of garlic.
Truth is, Harry, don't think of gar-
lic if we can help it.

Onions are bad enough, heavens
knows. And garlic is demoralized
onions.

Garlic originated with the pirates
who sailed the Spanish Main. Knives,
daggers, blunderbusses, garlic and
other deadly weapons were common
to them.

Garlic in the rough looks like a tu-
lip bulb and smells like an Italian
piano. It is strung up in bunches in
front of grocery stores. People who
eat it ought to be too.

A little garlic goes a long way. Es-
pecially in a crowded streetcar.

"This Is Our Store"

We often hear this expression from our customers, especially
from the children. Our future customers are growing up with us.
As the children grow older we hope that by our careful treatment
this impression will grow stronger and they will continue to say,
"This is Our Store." Become acquainted with our goods and
methods; you will also become a regular patron and feel that
this is "my store."

Our customers have confidence in us—we don't send them goods
of doubtful quality and our prices are right.

Our store is full of bargains; we are selling dozens of articles
that present costs would make impossible, but we bought last

REPUBLICANS WIN SEAT IN SENATE

C. J. Munton is Elected to Succeed Dr. Green by a Majority of 973 Votes Tuesday

MAKES MAJORITY FOR G. O. P.

Fort Wayne, Ind., Feb. 7.—C. J. Munton, Republican, of Kendallville, general manager of the Fort Wayne & Northwestern Traction Company, was yesterday elected joint senator of the Noble-Lagrange-Steuben district, to succeed the late Dr. W. F. Green of Albion. He defeated Prof. W. A. Fox, Democrat, of Angola, by 973 votes.

The early returns showed that Munton was the winner in the special election called to fill the vacancy caused by Dr. F. Green's death, but it was early apparent that his majority would not be so large as that given Dr. Green in the November election, when the republican candidate won out with a margin of approximately 2,000 votes.

The election of Mr. Munton again gives the Republicans a majority in the Senate, of which they were deprived by Dr. Green's death.

DRIVE OFF THE CONSTABLE

Two Young Men Robbing Morristown Store Make Good Escape

Morristown, Ind., Feb. 7.—Because Constable Nelson Cobble's nerve failed him at a critical moment, two young men wanted here for looting the Sutherland general store at Morristown some time Monday night, are still at large. The burglars had carried away \$100 worth of merchandise and a clew led to the recovery of the goods from the home of Allen Williams. With a search warrant, Cobble, who is an aged constable, went with Sutherland and a son of the latter to the Williams home yesterday. They were surprised to find there the two men suspected of the burglary, who promptly drew revolvers and assured the constable if he was there to arrest them they were ready for battle. Cobble and Sutherland retreated and turned the case over to Sheriff Alvin Baker, but when the latter reached the Williams home the men were gone. He went armed with warrants charging Charles Ball and Carl Griffith with burglary. The pair came here last fall from Kentucky.

NOTICE OF SALE OF BONDS.

Notice is hereby given that the Rushville School City will on Thursday, the 15th day of February, 1917, at one o'clock (1:00) p. m. offer for sale thirty-two (32) bonds of said School City of \$500.00 each, which bonds to be dated February 15th, 1917, and draw interest at the rate of 4 per cent per annum, interest payable semi-annually on the 15th day of January and the 15th day of July in each year. The first of which bonds will mature on January 15th, 1927, and the last bond mature on July 15th, 1930. Said bonds are being issued to redeem the debt of said School City in the sum of \$16,000 and to reduce the rate of interest on said debt and to extend the time of payment thereof.

Said bonds will be sold at the office of Dr. J. B. Kinsinger, Treasurer of the School Board of Rushville, Indiana, and for not less than the par value of same.

Witness my hand this 23d day of January, 1917.

UNCLE SAM MAY AID PLAGUE FIGHT

Resolution Providing For Help to Sufferers is Before Congress Today.

PROVIDES 50 CENTS A DAY

Washington, Feb. 7.—A resolution by which the fight against tuberculosis would be made thoroughly national, with indigent sufferers from the plague maintained jointly by the states of their residence and by the federal government, is before Congress today.

Rep. Hilliard of Colorado, a student of tuberculosis and methods of fighting it, sponsored the bill. It provides for immediate designation of hospitals and sanitariums already established, for the treatment of the white plague. To these would be consigned cases of consumption.

Provision is made for the treatment of indigent tubercular cases. The government would pay 50 cents a day each for such patients and the state in which the patients reside would pay \$1 a day.

For a short time Hogsett's will give 10 cents off every dollar. t2

not write and his signature is made by mark), which shall include street and number when there is a street and number. No elector may sign his name to more than one nominating petition for each office to be filled, and where an elector has signed his name to more than one petition, his name shall not be counted on any of the petitions. Nothing herein shall be construed, however, to prevent more than one petition from being signed by the same person up to the number of members of the convention for whom he will be entitled to vote.

The convention will be made up of 115 delegates. One hundred of this number are to be elected by the representative districts and the other 15 at large.

While nothing definite has been stated, it is understood here that Representative Jimmett will be a candidate at the election. By reason of his having served two terms in the legislature, it is pointed out he would be well qualified to sit in the convention.

After the convention has completed its work the constitution as drafted will be submitted to the voters of the state for ratification. The convention will determine the time when the constitution will be submitted.

REPORT ON PREPARATIONS

Continued from Page 1.

After all, might modify her new submarine campaign so as to avoid making an active enemy of America was touched upon, as was the probable position of other neutrals. Most of the cabinet's attention, however, was given to reports by each member upon the energetic efforts of his department of the government to prepare for war if it is to come.

In some quarters here the interview given by Foreign Minister Zimmermann in Berlin expressing friendly feeling toward the United States was viewed as a favorable sign. Little weight was attached to it by the cabinet, however, for the foreign minister's remark that he hoped the American government would understand Germany's reasons for inaugurating unrestricted warfare on the sea was construed as meaning that no change of course was to be expected.

W. B. HOLDEN DIES

Word was received here today by Allen R. Holden of the sudden death of his uncle, William B. Holden, who died this morning at the East Haven hospital in Richmond, where he has spent the past 27 years. Mr. Holden went to Richmond this afternoon and will accompany the remains home in the morning on the 7:00 Pennsylvania after which there will be burial services at the East Hill cemetery.

COURT WAS "DARK"

**Thomas A. Edison Wants You
To Hear This Test**

Tuesday Evening, February 13 at 8:15, United Presbyterian Church

Many famous artists have
made these "Tone Tests."
Read what the papers say:

"Impossible to distinguish between the singer's living voice and its re-creation by the instrument that bears the stamp of Edison's genius."

Boston Herald Nov. 19th, 1915.

"The ear could not tell when it was listening to the phonograph alone. Only the eye could discover the truth by noting when the singer's mouth was open or closed."

N. Y. Evening Mail, May 3d, 1916.

It was virtually impossible to distinguish between the real voice and the Re-Created voice of the singer."

Philadelphia Evening Telegram, April 28th, 1916.

"Christine Miller herself and Christine Miller on the Edison sang side by side. The two voices were so identical that when one or the other stopped it was impossible to detect it in the audience."

Cleveland Leader, Sept. 23d, 1915.

"Not possible to tell one from the other."
Detroit Free Press, Oct. 12th, 1915.

Music's re-creation! A reproduction of the human voice from the phonograph which the ear cannot distinguish from the living voice! Has Mr. Edison accomplished this miracle at last? Come—hear this astonishing test—and judge.

Miss Helen Clark, the popular concert Contralto will be here, at Mr. Edison's request, to offer you the only evidence by which you can really judge. She will sing side by side with Mr. Edison's re-creation of her voice! See if you can tell, without watching the motion of Miss Clark's lips, which is the living voice and which the re-creation.

What Is Your Judgment?

Mr. Edison insists upon this unique and daring test. For it tells more than the most vivid words can express. Its convincing frankness sweeps away all doubt. Mr. Edison wants your true judgment of his new musical art. He wants the judgment of every music lover. Has he re-created music? Has he eliminated all mechanical blemish? Has he preserved the living tones in all their reality?

He puts the original and his re-creation before you—side by side. He hides nothing. Asks no allowances. He dares to make the vital test that no one else but he has ever ventured. And he asks you to decide.

Call or Write for Complimentary Tickets

We want all music lovers in this community to hear this interesting and convincing test. Complimentary tickets will be distributed to those who apply in person at our store or by mail. You and your friends are urged to attend. Mr. Edison recommends that children under three years of age be not admitted as they do not realize that they can mar the intent of this recital by crying or talking. We advise you to apply early before all tickets are exhausted.

Amusements

The Gem offers the five reel feature "The Valley of the Moon" for the program tonight. The story is taken from the story written by Jack London of the same title and is said to be a fine production. Tomorrow the seventh chapter of "A Lass of the Lumberlands" will be shown.

The Princess offers the feature drama "The Spell of the Yukon" for the program tonight. Edmund Breese and Christy Mayo are featured. The picture is taken from the poem of the same name of Robert W. Service. It is said to be a story full of action. Tomorrow Aneta Stewart will be seen in the modern society drama "The Combat."

The new theatre art invented by David W. Griffith in producing "The Birth of a Nation," coming to the Graham Annex, Feb. 12 has enabled him to surpass by far any stage spectacle. "Ben Hur" and "The Blue Bird" were supposed to be the high-water mark of such productions.

They sink into insignificance beside this epic of American history with its 5,000 scenes, 18,000 characters, 3,000 riders and 200,000 details, the result of eight months of tireless labor and the expenditure of half a million dollars.

The war plays of the stage such as "Shenandoah," "Held by the Enemy" and "Barbara Fretchie" seems tame after seeing the splendors of "The Birth of a Nation." In the Griffith spectacle the scenes of sheer beauty and strength are of Homeric grandeur. The night riding of the Ku Klux Klan looks like a company of avenging spectres sweeping along the moonlit roads. There is a pictorial punch in every scene.

This realistic picture of history in making is of untold value to both old and young. Besides the historical worth of this great spectacle the constant emotional throbs of the romantic story thrills the hearts of all. It is the supreme achievement of modern histrionism in its new guise untrammelled by the limitations of the theatre.

DRESS WARM AND KEEP FEET DRY

Tells Rheumatism Sufferers to
Take Salts and Get Rid
of Uric Acid.

Rheumatism is no respecter of age, sex, color or rank. It is not the most dangerous of human afflictions it is one of the most painful. Those subject to rheumatism should eat less meat, dress as warmly as possible, avoid any undue exposure and, above all, drink lots of pure water.

Rheumatism is caused by uric acid which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed thus forcing the kidneys to do double work; they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.

A DENTISTS FORMULA

True Secret of Keeping Youthful Looking

(The Beauty Seeker.)
"The real secret of keeping young-looking
and beautiful," says a well-known hygienist,
"is to keep the liver and bowels normally
active. Without these requisites, poisonous
waste products remain in the system, polluting
the blood and lodging in various organs,
tissues, joints. One becomes flabby, obese,
nervous, mentally sluggish, dull-eyed, wrinkled
and sallow of face."
"But to get liver and bowels working as
they ought, without producing evil after-effects
has been the problem. Fortunately, there is
a prescription of unquestioned merit, which
may now be had in convenient tablet form.
Its value is due largely to an ingredient de-
rived from the humble May apple, or its root,
which has been called "vegetable calomel" be-
cause of its effectiveness—though, of course, it
is not to be classed with the real calomel of
mercurial origin. There is no habit-forming
constituent in "sentinel" tablets—that's the
name—and their use is not followed by weak-
ness or exhaustion. On the contrary, these
harmless vegetable tablets tend to impart tone
and elasticity to the relaxed intestinal wall.
Sentinel tablets, which may be procured from
any druggist—a dime's worth, will do well
prove a revelation to any constipated, liver-
troubled person."

"The Barking Dog."

That's a fine old adage about the
barking dog being the one that never
bites because it is so true to the hu-
man family. There are plenty of
men who can stand on the street
corners and rail about Rushville not
locating new industries and make
extravagant statements about what
they would give to get a factory here,
but when the rub comes they are never
there. They retract all they ever
said and began pulling back in the
harness.

But Rushville is no exception. All
places are the same. Indianapolis
has been passing through an awak-
ening in which some of the leading
business men and manufactures have
been endeavoring to arouse some civic
pride. Columbus, Ind., too, has
some of the same species, as the fol-
lowing from the Columbus Republi-
can, which is very apropos here, am-
ply discloses:

There are people in Columbus who
insistently demand factories, more
factories and additional factories.
They speak privately and in public
about the need of more industries in
Columbus. And when the chance
comes for them to help secure a new
factory they become positively blind,
deaf and mute. They remind one of

hear no evil, speak no evil." Colum-
bus has a good factory proposition
knocking at its door now, but there
does not seem to be a sufficient num-
ber of people interested to open the
door and let the factory come in.

Fining the Gossips

Although the insidious practice of
gossiping can probably never be
stamped out, there is none to say nay
to the plan—not even the gossips
themselves—that it be curbed by a
law. Wisconsin has taken a step in
this direction and has passed a meas-
ure imposing a heavy penalty or im-
prisonment upon tale-bearers.

Anyone, who, in the hearing of an-
other, according to the Wisconsin
statute, maliciously refers to some-
one, strongly inveighing against that
person's moral integrity, or who, in
other ways injures his standing in the
community, is liable to a fine of not
more than \$500 or imprisonment for
a term not exceeding a year.

This is a step in the right direc-
tion, but the experience of other
states in enforcing their libel laws
teaches that Wisconsin will have
some difficulty in trying to blot out
the practice of gossiping. Frequent-
ly the tale-bearers are so shrewd
that the blighting piece of scandal
which ruins someone's reputation ir-
retrievably can not be traced to its
source, and thus real transgressors
escape the penalty they so justly de-
serve.

The German-Americans.

The publically announced loyalty
of the German-American citizens
passes the lie to the persons who in
the last campaign attempted to mal-
ign the Americans of German lineage
and antagonize them. Their fealty
to the country of their adoption was
questioned time and again, but the
true Americans never doubted but
that the bulk of the German-Ameri-
cans were heart and soul Americans.

They have given ample proof of
their love for the United States by
their fine declarations of faith in the
country which they have accepted as
their home and in which they make
their daily bread. German-American
papers far and near have laid down
in no uncertain terms the path of
duty for every German who lives in
the United States. The leaders of
the German alliances throughout the
country have been very plain in their
declarations of faith in and devotion
to America.

Once a "leak" start, congress pro-
poses to catch every drop, says an
have "dropped" completely out of
exchange, but the "leak" seems to
sight since Germany took a place in
the sun on the front page.

Some profess to see a spirit of re-
taliation on the part of the supreme
court in declaring the Webb-Kenyon
law constitutional since Washington
is going dry.

The price of paper is still going up,
but it will be a good investment to
buy fly paper next spring to get the
irrepressible fly.

ishment" from Carranza "just like a

HAVE ANOTHER BILL.

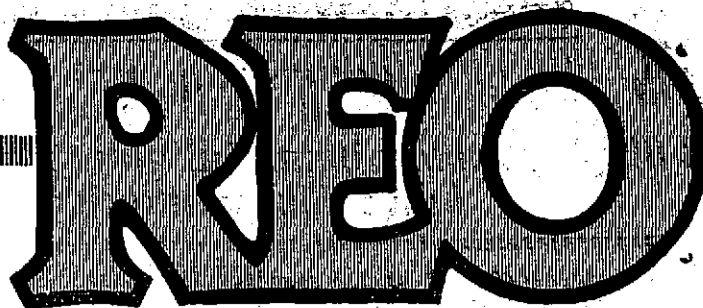

Indianapolis, Ind., Feb. 7.—Indi-
ana women have one more important
measure which they will present to
the legislature at this session after
the woman suffrage bills are dispo-
sed of. The measure, which will be
introduced the latter part of this
week or the first of next, will provide
for the creation of the office of wo-
man factory inspector. All inspec-
tors now employed by the state are
men. Women believe they should
have a woman inspector for factor-
ies where females only are employed.

The Oldest Car in the Show ---Yet the Most Interesting

ISN'T IT REMARKABLE how the crowds
linger around that wonderful old Reo the
Fifth chassis, study it point for point,
inquire, admire, go away and compare—
and inevitably drift back again?

ISN'T IT A TRIBUTE to Consistency of
Policy—to Good Intent; to Sound En-
gineering; to Quality of Workmanship;
and finally, to Reo service—the way
they pay homage to that Reo the Fifth?

IT ISN'T NOVEL in the sense that some
of the sensationally new inventions are.

THAT STRIPPED REO chassis has been
a feature of every national automobile
show for now eight successive seasons—
in practically its present form.

JUST REFINED and improved in minor
details from year to year (yes, month to
month, for we Reo Folk do not make
"season models" nor wait till just before
Show-time to make changes. We make
them any time their need is apparent—or
we learn how!)

AS WE WERE SAYING: that Reo
chassis has been a feature—yes, the
feature—of the Show for several years
—yet its popularity is greater now than
ever, if crowds are any criterion.

JUST GOES TO SHOW that people are
learning—that experience does teach.
Experienced motorists, the seasoned
Old Timers, are not looking for a car
that is "different" but for one that is
better.

AND THEY'VE FOUND that kind of car
in Reos.

Obituary.

OUR FATHER.

Alvin D. Lucas began his life June
29, 1846, near Georgetown, Ky. As
a young man he was liked by all. A
kind word and a hearty welcome
would always greet you if you hap-
pened in his path. This kind and
loving trait clung to him through all
his life. Even in the last minute of
his noble life he wanted to perform
an act of kindness.

Dec. 1, 1870 he was united in mar-
riage with Amanda Gardner. Six
children blessed this happy union.
The happiest moments of his life was
when he was doing for his loved
ones. We know how well he loved us.
Nothing but the grand hereafter
strengthens our heart in this hour of
affliction.

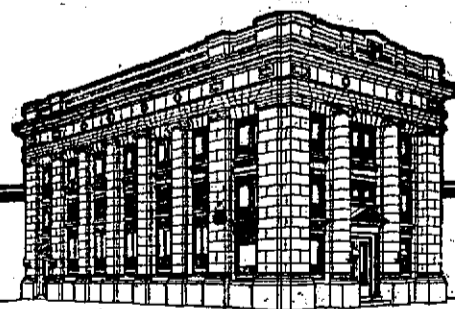

A wife and six children mourn the
loss of this dear one.

Mrs. W. A. Carr, John Lucas, Mrs.
Will Goddard, Stephen Lucas, (de-
ceased) Mrs. R. H. Thompson, and
W. B. Lucas. In addition to imme-
diate family he is survived by one
brother, two sisters and four grand-
children besides nephew and nieces.

Early in life he made his stand
for Christ and faithfully he has
fought the good fight. Like the
Apostle Paul. "He fought a good
fight he finished the work, he kept
the faith and now is ready to be de-
livered."

Jan. 19, 1917, he finished this life's
work.

FOR FOUR ISSUES

What Makes a Public Sale a Success?

The first essential is to have goods that other people want. The next essential thing is to let the public know you are going to have a sale and to get them to attend it.

The Greater the Crowd, the Better the Bidding

Have your Public Sale Bills printed in a good clear type, on a bill large enough to be read without glasses, and with a heading PUBLIC SALE in bright red ink. The Daily Republican is the originator of this Red Head Sale Bill—it is a bill which will assure one of a big attendance.

Another Important Point

PUT YOUR SALE AD INTO THE FARMER'S HOME

Place your sale bill, as an advertisement, in the Daily Republican. It goes directly into a man's home. That is what he reads and there is where he will read your announcement. The Daily Republican is read by 6,000 people in Rush County; of this number 50% are farmers. The price of an advertisement is so small, when you consider the benefits that you will reap, that you should not overlook the important thing. For an example of the cost, see our illustration at the left.

HOUSE PASSES THE AUTO LICENSE LAW

If Senate Approves Measure, Fees
Paid Will Remain in This
County for Local Use

PRESENT LAW HELD UNFAIR

The lower house of the Indiana legislature passed a bill yesterday which would meet the approval of practically all automobile owners if it became a law. The bill which the house approved would amend the state automobile license law, by making the license fees collectable by the county auditor and keeping the tax within the county, instead of state-wide distribution as under the present law.

If the state senate is consistent, it will not pass the amendment as the house did because it recently killed a bill of the same sort originating in

the senate. However, it will get another chance to voice its sentiments by voting on house bill.

The present automobile tax law, it is advocated, works the same hardships on counties of this sort as the school revenue law because the larger counties have to help support the smaller ones. Rush county never receives as much back from the state in auto licenses taxes as it sends.

The meeting of the Emmaon Club which was to have been held with Mrs. Fred Beale on Thursday of this week has been postponed indefinitely.

Miss Mary Amos will entertain the members of the Friday Afternoon Embroidery Club at her home in North Perkins street on Friday afternoon of this week.

Mr. and Mrs. O. P. Wamsley entertained at "500" last evening Mr. and Mrs. O. M. Hanton and Mr. and Mrs. Bert Osborne. A dainty luncheon was served during the card games.

Ralph Payne and Byron Cowing of this city, former students in Pennsylvania university, attended the banquet of the university alumni in this state at the University Club in Indianapolis last evening.

It was voted to pay another installment on the pledge to the new church at the meeting of the B. Y. C. D. class held in their class room at the church following the revival service last evening. There was a good attendance and the meeting was given over to a business session.

A wedding of interest here was solemnized Sunday afternoon at the country home of Mr. and Mrs. C. F. Ellison when their daughter, Miss Maggie, became the bride of Leslie Brees of Newton county. The ceremony was performed by the Rev. C. M. Yocum in the presence of the immediate relatives and a few friends. The young couple will leave in a few days for their new home in Newton county where Mr. Brees is engaged in extensive farming.

Have You Backache, Gout, Rheumatism?

(By M. C. Lucas, M. D.)

American men and women should guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and often the poison reaches the tissues, causing rheumatism and gout.

When your kidneys feel like lumps of lead, when your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night, when you suffer with sick headache, or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, ask your druggist for Anurie (double strength). I have found in practice that Anurie is more potent than lithia and in most cases it will dissolve the uric acid as hot water does sugar.

Most people do neglect themselves. Their tongues has a dark brown color, skin sallow, breath bad, yet they fail to see that their machinery needs attention. Everybody should take a mild laxative at least once a week. A pleasant way to clear the tongue and the highly colored water noticed in the morning is to take a laxative which will cure the inactive liver and biliousness.

A pleasant vegetable pill is made up of May-apple, leaves of aloe, and jalap, made into a tiny pellet and coated with sugar. First put up by Dr. Pierce nearly 50 years ago. Druggists sell these vegetable pellets in pills, simply ask for Dr. Pierce's Pleasant Pellets. (Ad.)

The Douglas orchestra of Indianapolis will play for the dance to be given in the K. of P. hall tomorrow evening for the Knights of Pythias and their families.

The twelve members of the Five Hundred Club were agreeably entertained by Mrs. Ed Piffman at her home in this city last evening. The congenial company was engaged during the evening with games of "500" after which the hostess served a delicious salad course. The next meeting will be in two weeks.

The birthday of Abraham Lincoln was celebrated in a most appropriate way yesterday afternoon when the members of the W. R. C. met at the home of the Rev. and Mrs. C. M. Yocum in North Main street. For decorations, the picture of Lincoln was draped with the American flag. The program was opened by the 28 members singing "America" after which the Rev. Mr. Yocum led in prayer. He also gave an excellent talk on the life of Lincoln and together with Mrs. Yocum, who accompanied on the piano, sang a duet "Tenting on the Old Camp Ground."

Following the business session, Mrs. Mary Conover gave a number of readings. Delicious refreshments were served by the hostesses, Mrs. Yocum, Mrs. Eva Offutt and Mrs. Ida Mattox. The next meeting will be in two weeks at the home of Mrs. Will Trennepohl when she will be assisted by Mrs. Margaret Brown.

NO BASIS FOR PEACE IN GERMAN OFFER, KING SAYS

Continued from Page 1.

presence of any lurking assassins, gunpowder, German spies, high-explosive bombs, suffragettes, or poison-gas tanks, and this information had been ceremoniously conveyed to Buckingham Palace, did the King and Queen prepare for their journey to the House of Parliament.

Some precedents have been merely modified by the war. For example, the King, instead of wearing his gorgeous field marshal's dress uniform, appeared in khaki. Also, the procession from Buckingham to Westminster was considerably simplified. Their majesties rode in the usual state coach, but it was drawn by six black horses instead of the eight cream-colored Hanoverians formerly used on such occasions. There wasn't the customarily large out turning of the populace along the route.

Arriving at the entrance to the House of Lords, the King and Queen were greeted by the officers of state and conducted to the robing room, whence after donning their royal robes they proceeded to the thrones, escorted by the usual heralds, trumpeters and court officials carrying their regalia.

The floor of the chamber was packed with members of the nobility, while in the gallery were peerless, society leaders, representatives of diplomatic corps and other distinguished spectators.

The Gentleman Usher of the Black Rod was despatched to summon the "faithful Commons." Of the latter, only about sixty were able to squeeze in and crowd around the bar of the house.

A conspicuous figure in black robes, gold chain and full bottomed wig, the new Lord Chancellor then advanced to the steps of the thrones and kneeling presented to his Majesty the parchment roll whereon a speech carefully prepared for him by Lloyd George and his fellow cabinet members, but by pleasing fiction known as the King's speech, was inscribed. King George read the address in clear, firm tones.

At the conclusion of the speech the King and Queen left the chamber and returned by the same route to the Palace.

Meantime the Commons were assembling in their own hall. Some of the members had appeared as early as eight to register their claims for favorable seats for the session, by placing their hats thereon. Here another danger precedent. In the old days before the war it would have been almost sacrilege to appear at any session, especially the opening day of Parliament, in any other headgear than a top hat. Today there was a considerable springling of derbies, soft slouch hats and khaki caps—for a liberal percentage of the Commons are now in the King's army.

It is not expected that much legislation of importance will be forthcoming until Easter time, when the government will present the new budget of taxation when it is likely

New Season's Fashions Shown in Coats and Suits

This week---an advance showing of spring modes in coats and suits will be made in our windows and on our second floor, comprising distinctly different models not seen elsewhere. The use of soft wool, khaki-kool, Jersey cloth, wool poplin, man's wear serge and gaberdine is noteworthy in this showing of modish garments. These beautiful materials include a wonderful range of colors and shades, among which are cement, chartreuse, apple green, both in plain check, gold, American beauty and rooky.

Altho the weather indicator does not point to spring garments, nevertheless these models serve as an indicator for spring fashions. We shall be glad to show the trend of styles to all of our customers. This is an opportunity for you to be prepared for the first spring day.

We are showing a complete line of place cards, seals, favors, crepe paper, paper napkins and decorations for the Valentine season. Those expecting to entertain will profit by seeing our beautiful display.

The Mauzy Company

that some entirely new devices for raising funds for the conduct of the war will appear. Just before the close of the last session a new vote of credit for four hundred million pounds (\$2,000,000,000) was passed, so there will probably not be another until later in the Spring.

One of the biggest pieces of legislation to be tackled this session will be the General Election bill, upon which a special speaker's committee is now sitting. Under an ancient statute no Parliament can live longer than seven years, so unless this is modified, a general election must be held next Fall. There is considerable agitation in this connection with a reference to soldiers voting in the election. The military authorities object largely on account of the bother it will entail, and partially because it will necessarily distract the troops from what is considered more important business.

It is possible, as a solution, that another venerable precedent may be shattered, by allowing the present Parliament to continue for the period of the war.

bill which would allow the state to accept donations to state institutions and provides for payment of annuities to donors; Rep. Houghton's bill providing for the assessment of property of public utilities by a state board of tax commissioners at cash value.

The Dobyns bill creating a highway commission came up for second reading in the senate. Senator Fleming offered two amendments, one providing that contracts for bridges and road work may be let separately and the other giving the commission supervision over county road construction.

The amendments were made a special order of business for 10 o'clock tomorrow.

Kinder's bill amending the compensation law so that workmen will receive 65 per cent of their wages instead of 55 and allowing settlement for injuries in a lump sum was reported favorably by the senate committee and the report adopted.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

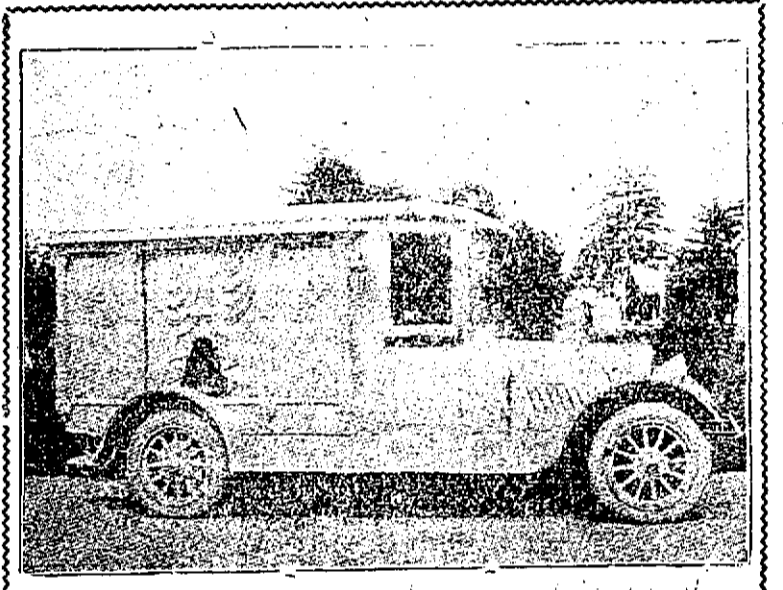

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

BABY WEEK IDEA IS DEFENDED

Mrs. Etta Goodwin of Children's Bureau Declares it is Not a Mere Sentimental Outburst

DATE IS MAY 1 TO 6 INCLUSIVE

Says Unique Opportunity is Offered Through This Event—Co-operation Urged

By MRS. ETTA R. GOODWIN
Of the Federal Children's Bureau.

Note—Mrs. Goodwin conducts all Baby Week correspondence for the Children's Bureau and may be addressed at Washington—Editor.

Washington, Feb. 7.—The second National Baby Week will be celebrated in the United States May 1 to 6, inclusive. My correspondence today indicates that a majority of the 14,000 incorporated communities in the country will take part in it.

Please don't get the wrong idea of Baby Week. It is not a sentimental outburst. It is a serious movement to popularize certain proved principles of baby care and community responsibility for baby welfare.

The keynote of a Baby Week campaign is co-operation. This was true of the 1916 celebration and the inquiries pouring in at the Children's Bureau today and the local plans already under way indicate that the co-operation is even more universal in this year's campaign.

Of course the 2,500,000 members of the General Federation of Women's Clubs are co-operating. The General Federation and the Children's Bureau were jointly responsible for the first suggestion for a nationwide Baby Week.

The way chambers of commerce, and other men's organizations of various kinds, and national associations devoted to one or another special problem, turn in and help is surprising.

Most impressive is the work of State Health officials and of extension divisions of State universities and agricultural colleges. These work with State Federations of women's clubs and with each other in outlining special programs adapted to the conditions of an individual State and they help local celebrations in numberless ways, with lectures, exhibit material, bulletins and personal advice.

Each of these agencies is equipped to make its own special contribution to the campaign; the child-welfare committees studying local birth registration, the associations doing infant-welfare work, the public-health officials of city and State, the State Universities through their extension work, and civic organizations of various kinds.

Our correspondence indicates that they all recognize in Baby Week a unique opportunity.

OLD-TIME COLD CURE— DRINK HOT TEA!

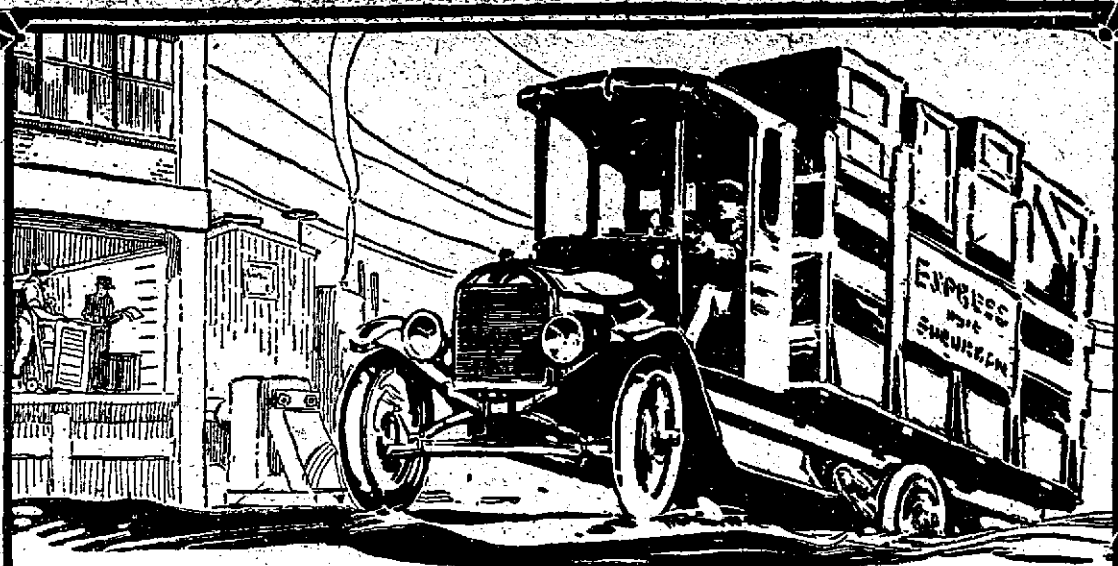

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB RHEUMATISM FROM STIFF, ACHING JOINTS

Rub Sores from joints and muscles with a small trial bottle of old St. Jacobs Oil

Stop "dozing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs Oil" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia. Lumber up! Get a 25 cent bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

More Business for Everyone

Speed up deliveries with a Smith Form-a-Truck. Travels three times faster than horses. Trebles business territory. Builds "SERVICE" reputation through prompt deliveries.

50% cheaper operating cost than horses. Less than 7c per ton-mile delivery cost. 6,000 to 8,000 miles per set of tires.

Costs less than team and wagon. 12 to 18 miles per gallon of gasoline. 12 to 15 miles per hour.

Four years ago the first Smith Form-a-Truck was sold in Sumner, Wash.—it is still running in excellent condition, after 18,000 miles of service and a total repair cost of \$8.

Now the biggest organizations in the country, Armour & Company, Schlitz Brewing Co., Indian Refining Company and hundreds of others are ordering in fleets.

Our present stock enables us to make immediate deliveries.

Call or write for a demonstration today.

CHIROS GATHER TO SUPPORT BILL

Public Hearing on Proposed Law Will be Held Tonight—Warm Fight Promised.

THEY WANT TO BE LICENSED

(By United Press.)

Indianapolis, Ind., Feb. 7.—Chiropractors from all over Indiana gathered here today to make a fight in favor of the bill before the lower house of the legislature which will place chiropractors on an equal footing with physicians.

The measure was introduced by Representative Aldredge of Anderson and is now before the rights and privileges committee of the house of which Representative Harker is chairman. The committee will hold a public hearing on the measure tonight in the house.

The bill provides for the creation of a state board of chiropractor examiners—similar to the board of medical examiners. Chiropractors declare that the board would pay its own expenses by the money which it collected through issuing licenses.

Representative Harker stated several days ago that the majority of the members of the committee are opposed to the bill, although it has not been definitely acted upon yet.

KNIGHT TEMPLAR MEETING

Rushville Commandery No. 49 K. T. will hold their regular stated convocation Wednesday evening beginning at 7:30. After the regular order of business the Temple degree will be conferred.

You can make those yellow clothes white with Red Cross Ball Blue. All grocers.

ODD FELLOW INITIATION

Franklin lodge No. 35 will confer the initiatory degree Wednesday evening. Music will be furnished by the orchestra. Every member is urged to attend.

PUBLIC SALE

OF LIVE STOCK

The undersigned will sell at Public Sale at the Cullen farm, one and one-mile west of Rushville, on

WEDNESDAY, FEBRUARY 14th, 1917

the following described live stock

12 Draft Mares 12

These are a useful lot with plenty of size, bone and substance, four to eight years old, sorrels, bays, browns, blacks and grays. Some good pairs among them. Ready any day for the plow. Some in foal.

AVAIL YOURSELF OF THIS OPPORTUNITY

30 Head of Cattle 30 TWELVE SHORTHORN COWS AND HEIFERS

This is an exceptionally good bunch, all bred to Registered bull, some with calves at side. A lot of first class milkers.

Five Polled Shorthorn bulls, almost ready for service, an extra fine bunch. Also a few heifer calves. One coming two-year-old steer, a good one. The red, white and roans were never more popular. Buy a few good ones.

SIX HEAD OF SELECT JERSEY COWS

to be fresh soon or calves at side. This is a chance for a good butter cow.

85 Head of Hogs 85 60 — DUROC SOWS — 60

This, I think, is one of the best and most uniform offerings I have ever presented to the public and certainly there was never a more opportune time to invest in a good brood sow. They are strictly pure-bred, out of mature sows and boars and bred to boars out of \$500 and \$1000 sires, for March and April farrow. They have had plenty of exercise, are strong and vigorous and should prove a profitable investment at almost any price. Come, take a few good ones home with you.

ONE YEARLING BOAR. TWO SPRING BOARS.

TWENTY-FIVE CHOICE FEEDERS

20 Shropshire Ewes 20 Sired by an Imported Ram

Their dams and grand-dams for several generations are also by Imported sires. One to four years old, bred to Registered Ram. Sheep and wool are so high in the market I hesitated to make this offering, but hope the opportunity to get a few such ewes will be appreciated.

Sale to be held entirely under cover at the Cullen farm, beginning at 10:00 a. m. sharp, Wednesday, February 14, 1917.

COME RAIN OR SHINE, YOU WILL BE MADE COMFORTABLE

TERMS—A credit until Dec. 25, 1917, will be given on all sums of \$20 or over, purchaser giving note with approved security. 5% off for cash. No property to be removed until settled for.

CREAM FOR CATARRH
OPENS UP NOSTRILS

Tells How To Get Quick Relief
from Head-Colds. It's Splendid!

In one minute your clogged nostrils
will open, the air passages of your head
will clear and you can breathe freely.
No more hawking, snuffling, blowing,
headache, dryness. No struggling for
breath at night; your cold or catarrh
will be gone.

Get a small bottle of Ely's Cream
Balm from your druggist now. Apply
a little of this fragrant, antiseptic,
healing cream in your nostrils. It per-
meates through every air passage of the
head, soothes the inflamed or swollen
mucous membrane, and relief comes in-
stantly.

It's just fine. Don't stay stuffed-up
with a cold or nasty catarrh—Relief
comes so quickly.

a fond farewell.

WHAT-YOU-MAY COLUMN

BY GEORGE MARTIN.

Garlic.

A friend of ours named Schultz
asks us what we think of garlic.
Truth is, Harry, don't think of gar-
lic if we can help it.

Onions are bad enough, heavens
knows. And garlic is demoralized
onions.

Garlic originated with the pirates
who sailed the Spanish Main. Knives,
daggers, blunderbusses, garlic and
other deadly weapons were common
to them.

Garlic in the rough looks like a tu-
lip bulb and smells like an Italian
picnic. It is strung up in bunches in
front of grocery stores. People who
eat it ought to be too.

A little garlic goes a long way. Es-
pecially in a crowded streetcar.

"This Is Our Store"

We often hear this expression from our customers, especially
from the children. Our future customers are growing up with us.
As the children grow older we hope that by our careful treatment
this impression will grow stronger and they will continue to say,
"This is Our Store." Become acquainted with our goods and
methods; you will also become a regular patron and feel that
this is "my store."

Our customers have confidence in us—we don't send them goods
of doubtful quality and our prices are right.

Our store is full of bargains; we are selling dozens of articles
that present costs would make impossible, but we bought last
year when markets were lower.

REPUBLICANS WIN SEAT IN SENATE

C. J. Munton is Elected to Succeed
Dr. Green by a Majority of
973 Votes Tuesday

MAKES MAJORITY FOR G. O. P.

Fort Wayne, Ind., Feb. 7.—C. J. Munton, Republican, of Kendallville, general manager of the Fort Wayne & Northwestern Traction Company, was yesterday elected joint senator of the Noble-Lagrange-Steuben district, to succeed the late Dr. W. F. Greeg of Albion. He defeated Prof. W. A. Fox, Democrat, of Angola, by 973 votes.

The early returns showed that Munton was the winner in the special election called to fill the vacancy caused by Dr. F. Greeg's death, but it was early apparent that his majority would not be so large as that given Dr. Greeg in the November election, when the republican candidate won out with a margin of approximately 2,000 votes.

The election of Mr. Munton again gives the Republicans a majority in the Senate, of which they were deprived by Dr. Greeg's death.

DRIVE OFF THE CONSTABLE

Two Young Men Robbing Morristown Store Make Good Escape

Morristown, Ind., Feb. 7.—Because Constable Nelson Cobble's nerve failed him at a critical moment, two young men wanted here for looting the Sutherland general store at Morristown some time Monday night, are still at large. The burglars had carried away \$100 worth of merchandise and a clue led to the recovery of the goods from the home of Allen Williams. With a search warrant, Cobble, who is an aged constable, went with Sutherland and a son of the latter to the Williams home yesterday. They were surprised to find there the two men suspected of the burglary, who promptly drew revolvers and assured the constable if he was there to arrest them they were ready for battle. Cobble and Sutherland retreated and turned the case over to Sheriff Alvin Baker, but when the latter reached the Williams home the men were gone. He went armed with warrants charging Charles Ball and Carl Griffith with burglary. The pair came here last fall from Kentucky.

NOTICE OF SALE OF BONDS.

Notice is hereby given that the Rushville School City will on Thursday, the 15th day of February, 1917, at one o'clock (1:00) p. m. offer for sale thirty-two (32) bonds of said School City of \$500.00 each, which bonds to be dated February 15th, 1917, and draw interest at the rate of 4 per cent per annum, interest payable semi-annually on the 15th day of January and the 15th day of July in each year. The first of which bonds will mature on January 15th, 1927, and the last bond mature on July 15th, 1930.

Said bonds are being issued to redeem the debt of said School City in the sum of \$16,000 and to reduce the rate of interest on said debt and to extend the time of payment thereof.

Said bonds will be sold at the office of Dr. J. B. Kinsinger, Treasurer of the School Board of Rushville, Indiana, and for not less than the par value of same.

Witness my hand this 23d day of January, 1917.

J. B. KINSINGER,
Treasurer of School Board.

UNCLE SAM MAY AID PLAGUE FIGHT

Resolution Providing For Help to
Sufferers is Before Congress
Today.

PROVIDES 50 CENTS A DAY

Washington, Feb. 7.—A resolution by which the fight against tuberculosis would be made thoroughly national, with indigent sufferers from the plague maintained jointly by the states of their residence and by the federal government, is before Congress today.

Rep. Hilliard of Colorado, a student of tuberculosis and methods of fighting it, sponsored the bill. It provides for immediate designation of hospitals and sanitariums already established, for the treatment of the white plague. To these would be consigned cases of consumption.

Provision is made for the treatment of indigent tubercular cases. The government would pay 50 cents a day each for such patients and the state in which the patients reside would pay \$1 a day.

For a short time Hogsett's will give 10 cents off every dollar.

We have a new supply of scale receipt books, large size only containing 500 receipts. The Republican office.
